

## 1.2 Component names and functions

### Front view

|    |                                 |
|----|---------------------------------|
| 1  | spindle                         |
| 2  | cutter knob                     |
| 3  | graduated depth regulating nose |
| 4  | spring pressure ring            |
| 5  | spindle motor                   |
| 6  | dust extraction hose            |
| 7  | motor pulley                    |
| 8  | spindle pulley                  |
| 9  | dust extraction boot            |
| 10 | nosecone for depth control      |

## Rear view

|   |                                    |
|---|------------------------------------|
| 1 | Socket for power supply cable      |
| 2 | On/Off switch (main switch)        |
| 3 | Home setting of Y-axis motor       |
| 4 | Ethernet socket                    |
| 5 | Socket for vacuum cleaner control  |
| 6 | Nameplate X-200 with serial number |

## Virtual pendent

The screenshot shows the X200 Pendant control interface. At the top, the window title is 'X200 Pendant'. Below it, a status bar displays the coordinates of the spindle position: X 0.00, Y 0.00, and Z -10.81. A jog speed slider is visible, labeled 'jog speed'. Below the slider, the CYBORG logo is shown. A table displays job speed information: 80.0 mm/s (XY), 0.0 mm/s (Z), 100 %, and 0 RPM. A large play button is centered below the table. A text box below the play button says 'Please home machine'. Below the text box, there are four icons: a vacuum cleaner, a home button (0), a bidirectional arrow, and a vacuum cleaner. Below these icons is a grid of 24 buttons. The first row contains 1x, 10x, 25x, and DNC. The second row contains 1x, 10x, 25x, and a green button with a green arrow. The third row contains a vacuum cleaner, a green button with a green arrow, a vacuum cleaner, and a green button with a green arrow. The fourth row contains a vacuum cleaner, a green button with a green arrow, a vacuum cleaner, and a green button with a green arrow. The fifth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The sixth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The seventh row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The eighth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The ninth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The tenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The eleventh row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The twelfth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The thirteenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The fourteenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The fifteenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The sixteenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The seventeenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The eighteenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The nineteenth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The twentieth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The twenty-first row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The twenty-second row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The twenty-third row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow. The twenty-fourth row contains a green button with a green arrow, a green button with a green arrow, a green button with a green arrow, and a green button with a green arrow.
